Attention of Mr. Frost

Dear Sir:

I am writing to enclose the papers which are necessary for the Newark Eagles Baseball Club to qualify in order to pass inspection, one is the trade name certificate and the other the weight certificate of the bus.

I am telephoning today to ask for an appointment for Friday Morning, as we want to use the bus to come into New York Friday night. My driver has assured me that all the necessary work can be completed by that time.

Thank you very much for your co-operation.

Very truly yours,

EM:CGJ
